SUBJECT: Acquisition Reform Day 2- March 19, 1997

Last Spring, we were able to significantly increase the awareness of our Acquisition Reform Initiatives by holding an Acquisition **Reform** Day, a day dedicated to sharing techniques and benefits of our many Acquisition Reform initiatives.

In the spirit of continuous process improvement, I have designated March 19, 1997, as the Defense Department's second Acquisition Reform Day. The theme this year is "Teaming - the Catalyst for Making Acquisition Reform Initiatives the Norm." In addition to the government efforts we sponsored last year, my goal is to include **Industry** where appropriate. Inclusion of Industry will facilitate further our implementation of these initiatives and help accelerate the benefit stream.

I would appreciate your full support and participation in this event. Further details will be provided as the date approaches.
